

ICOMON REPORT 2002 for INC

R. Doty reported:

ICOMON during the past year had its IX Annual Meeting in Beijing, in which nearly three hundred people participated from China and nearly forty other countries. We had sixty-four oral presentations and about ten more poster presentations. As is customary, the papers will be published in a Proceedings volume. It is scheduled to appear at the time of the Madrid International Numismatic Congress. The Proceedings from our VIII Annual Meeting, held in conjunction with the triennial ICOM meeting (Barcelona, July 2001) just made its appearance, made possible through the generosity and joint efforts of the Museu Nacional d'Art de Catalunya and the Fundacion Casa de la Moneda (Madrid). Twenty-two papers saw publication in this volume, under four large categories: Managing Numismatic Heritage; Exhibiting Monetary History; The Museum and the Society; and Research Projects. The ICOMON Newsletter now goes out in electronic and print format, to a total of about 250 individuals and institutions in forty-five countries.
